**SEMESTER 1 2023-24**

**Name of the teacher educator: Mr. SARATHKUMAR P**

**Subject : EDU 05. 12 THEORETICAL BASES OF  
TEACHING PHYSICAL SCIENCE**

**Course Learning Outcomes**

On the successful completion of the course, the learner will be able to:

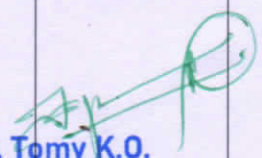

- Explain nature, values, and evolution of physical science as a subject and distinguish
- between scientific attitude and scientific aptitude
- Design objectives, learning experiences, and evaluation procedures based on different
- taxonomies of instruction.
- Plan some measures /strategies for developing science process skills among students
- Explain and organize various procedural aspects of teaching.
- Plan and implement micro teaching sessions.
- Define and curriculum and its principles
- Correlate physical science with other subjects and integrate it in his/ her classroom
- teaching and can critically analyse the different approaches of curriculum construction
- Plan and execute various methods and strategies in teaching physical science

**Name of the teacher educator: Mr. SARATHKUMAR P**

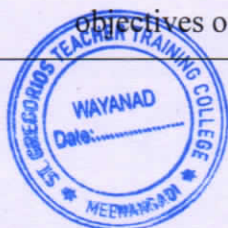

**Subject : EDU 09.12 PEDAGOGIC PRACTICES IN  
PHYSICAL SCIENCE**

### **Course Learning Outcomes**

On the successful completion of the course, the learner will be able to:

- Develop competencies in pedagogic analysis and content analysis.
- Critically analyse the suitability of various learning experiences to satisfy the diverse needs of learner
- Develop competencies in preparing different levels of planning of instruction for the effective transaction of Physical Science
- Analyse variety of teaching- learning resources and utilize them effectively in the learning process.
- Plan, organize and execute activity aids and utilities community-based resources in the learning process
- Develop understanding of different families of Models of Teaching and competency in using appropriate Models in different learning situations.
- Prepare lesson transcripts based on Models of Teaching.
- Understand the significance of assessment and evaluation in the learning process.
- Construct evaluation tools using variety of test items of different levels to address student diversity.
