Orientation programmes During (2019-20)

In the academic year of 2019-20, on behalf of the placement cell of the college a presentation session was done by Dr.S Sabu, former principal of St. Gregorios Teacher Training College Meenangadi on 12 February 2020 and it was highly beneficial and motivational as far as B. Ed students are concerned for their future endeavours. The placement of the students in any educational institutions depends upon the eligibility test of NET, SET, C TET and K-TET and hence the placement cell attends the need of the students to pass such eligibility tests for the job. Many Newspapers and various journals are available in the college library which helps the students to find better career choices and higher study options. . One of the major programmes of the cell in this academic year was a job fair which was scheduled to conduct on the 3rd week of March. But with the unprecedented situations happened due to pandemic outbreak, so far the pre- planned programmes were thus cancelled.
