He believed that education is the transformation process of a biological being to a divine being and the teachers are the prophets to disclose the innate virtues of every individual. It is very important for their emancipation from their ignorance, which is the root cause of all evils and miserable life. Thus our vision of mindfulness Education is based on the true spirit of our great Indian tradition and St. Gregorios for the establishment of a society based on justice, freedom and fraternity for the enlightenment of all its citizens to transform this world to a "Vasudhaiva Kutumbakam".
