ST. GREGORIOS TEACHER TRAINING COLLEGE, MEENANGADI

(Affiliated to University of Calicut & Recognized by NCTE)

BEST PRACTICE

St Gregarious Teacher Training College has initiated several activities for the development of the community. The student teachers are expected to develop an overall perspective on their Professional and personnel life. To achieve the same, St Gregarious Teacher Training College focuses its attention on developing a favourable attitude among student teachers towards our community and developing personally and professionally competent teachers. The institution organises two important programmes as the best practices of the college.

1. Educational empowerment programme for the community
2. Intervention for ecological conservation

For the above-mentioned programmes, the institution designed and implemented developmental activities for the past five years.

BEST PRACTICE I

Educational empowerment programme for community

Objectives

- To help the rural folk achieve better opportunities in academic and vocational fields.
- To contribute to the wellbeing of the community.
- To enhance the teaching capacity of the prospective teachers.
- To provide mindful education to the community.

Context

St Gregarious Teacher Training College organised several programmes to achieve the vision of the institution. The aims of these programmes are the development of a person including personal, emotional physical, intellectual, moral, and social aspects of students and series of activities were designed to nurture the same and enhancing the teaching capacity of the students.

Practice

The institution started educational supportive programmes for the tribal students of Adichiladi colony of the Meenangadi grama Panchayat on 2010-11 educational year. Since the last five years the programme extended to the other areas of the community with the co-operation of several non-governmental agencies, teachers, police department, giving suggestions and necessary supports.

The programmes include residential camps, education orientation programme, field trips, drama workshop for students, cultural activities etc

Sampoorna School Pravesana campaign

Wayanad is a socially backward district In Kerala. Tribal population is Higher in Wayanad compared to another district of Kerala. Majority of tribal community is not interested in school education. order to increase the enrolment rate of tribal community in schools, the student teachers actively participated in the awareness campaign. Mr. O. R Kelu, M. L. A inaugurated the program. As part of this program our student teachers visited the tribal colonies and parents and provided necessary assistance to send their children to school with the intention of enrolling all the children in the school in the new academic year.

Hope project

Average of 4.5 lakhs of students passes SSLC examination every year. 98% of students win, rest 2% is not a small number especially in an educated state like Kerala. Few of them pass the SAY exam and go on. These children, who are isolated even from their families, are gradually breaking away from the mainstream society due to lack of self-esteem. This isolation, lack of confidence and sense of inferiority leads them to pursue lifestyle detrimental to self and society. Through the scientific project, Project Hope endeavours to enable these children to cross the 10th grade threshold and enlighten them into the mainstream society. The project Hope was a program coordinated by Police dept of Kerala, out student teachers are the real strength behind the hope project. In Wayanad district Tribal students are the stakeholders of the program.

program organized at night and all students and student teachers performed well. At the end of the eighth session a street play was performed at Meenangadi Town

Inaugural session of the residential camp

BEST PRACTICE II

Intervention for ecological conservation

Wayanad district situated in Western Ghats with 40% covered by forest, the ecological sensitivity of the land poses a great threat to their educational, economic, and cultural life of the future generation. The institution arranged various programs to imbibe a sense of sustainable development of the community flavoured by ecological consciousness. In the year 2019 Our institution is decided to organise various environmental activities in the theme "Athijeeviththinulla Ahwanam. Dr. S Sabu Principal of the college inaugurated the one-year duration program. The activities conducted in this year is listed below

The conservation of nature is the major responsibility of every citizen. A teacher should have this responsibility and entrusted to develop an attitude towards environmental protection activities among the children. As an institution to build the socially responsible teachers, St. Gregorios Teacher training College plays its role on this regard very effectively. We hope our students' teachers can motivate and enlighten the coming generation for sustainable development and balanced ecosystem.
